Sonya-
It has been a real pleasure to have gotten to know you. Keep your window open. Stay cool & stay out of trouble. Study hard. I'll miss you like crazy. You are a great person. You'll find your place in life. The best is yet to come. Have a long, hot summer. I'll see you later, alligator, in a while, crocodile. Have plenty of time alone, you'll need it for algebra, but for now Algebra can wait. Let's get together.

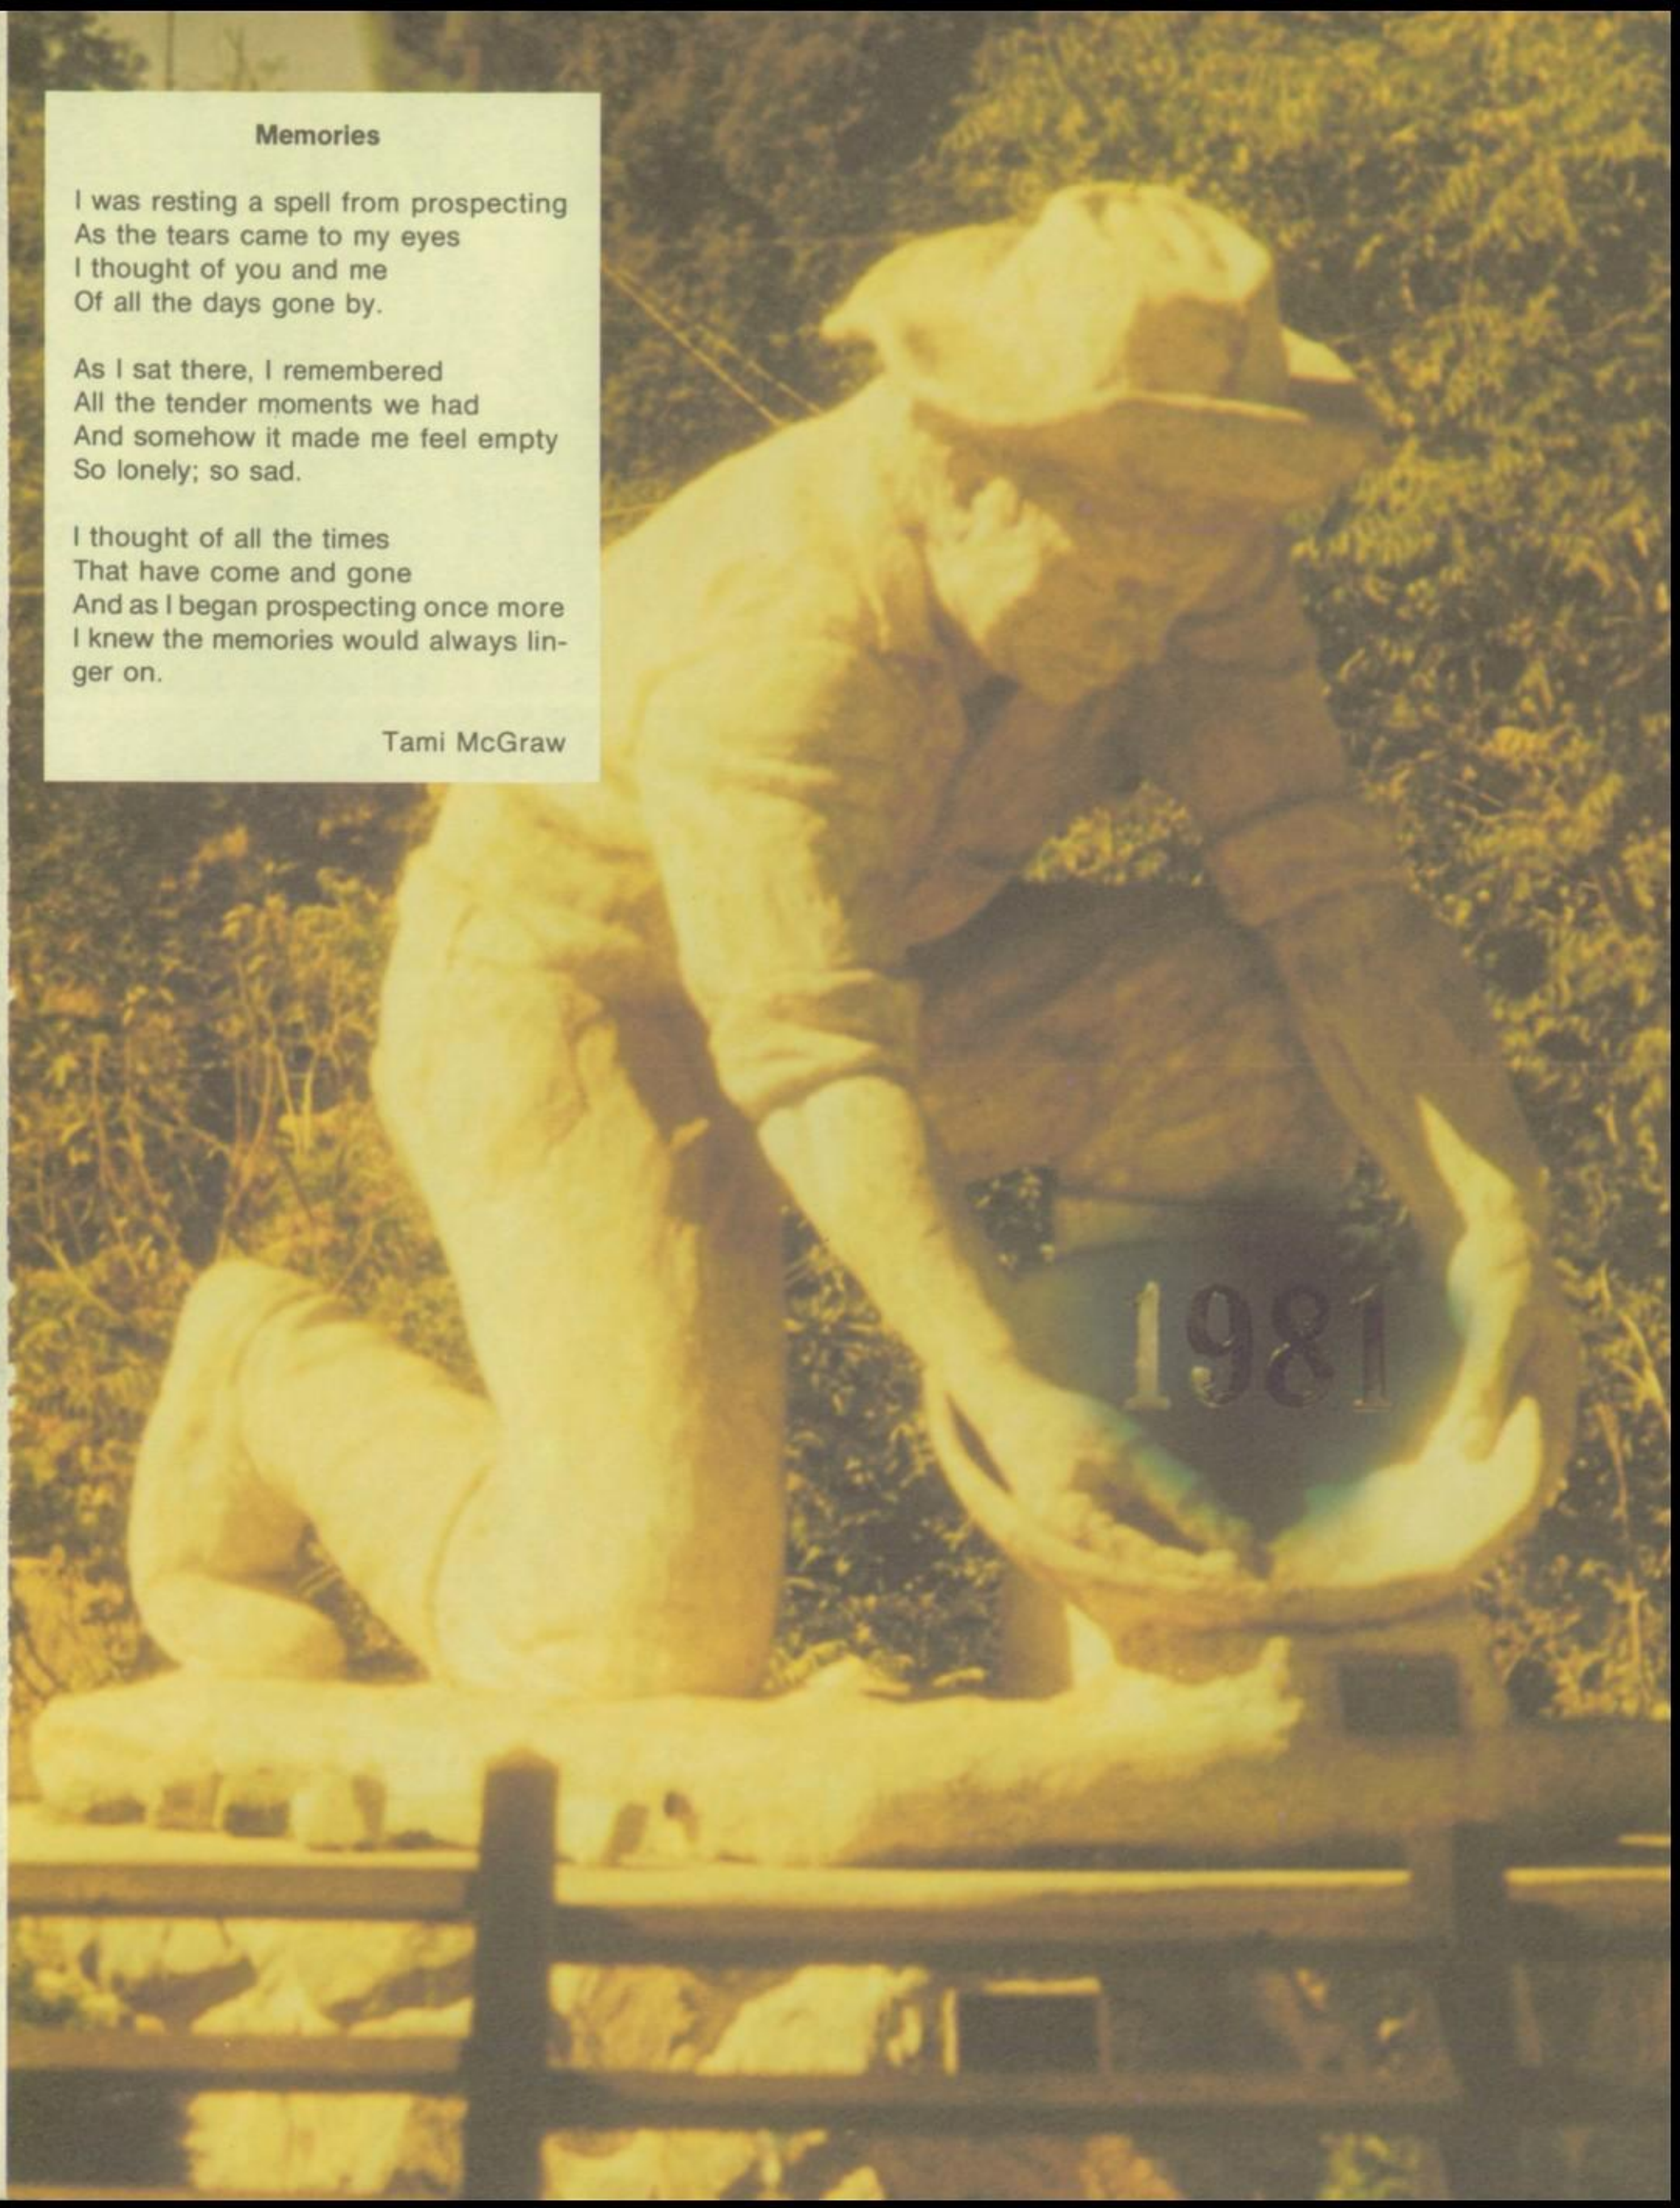
Time!

If you're a wonderin' what I'm a doin' in this here yearbook I'm a gonna tell ya'll. Most folks jus' call me **Clem**, and I'll be a travelin' through this here yearbook a prospectin' for energetic younguns and olduns, academic achievements, exciting clubs and organizations, extraordinary and outstanding students and faculty, and last but not least, jus' good ol' hometown spirit! My main aim is to dig deep into our families roots to find my pan of glitterin' gold.

So get on your burrow, grab your pick and pan, take hold of them suspenders and ride with me through this year, down the halls exploring Roseville High.



Memories

I was resting a spell from prospecting
As the tears came to my eyes
I thought of you and me
Of all the days gone by.

As I sat there, I remembered
All the tender moments we had
And somehow it made me feel empty
So lonely; so sad.

I thought of all the times
That have come and gone
And as I began prospecting once more
I knew the memories would always linger on.

Freshman Searching For Identity

I
remember
my freshman
year all too well.
Trashcans and dark halls;
and the searching
for identity.

Theme: 3

From the time I was old enough, I explored the world around me. I started with the simple things in life like Mom's flower garden and the fishin' hole. As time progressed so did my imagination. I began to investigate more complex objects in nature, such as why do lightbulbs burn and how to fix the kitchen sink.

Seniors Prospecting Into The Future

Now
that I'm
a mighty senior
a touch of sadness
is filling my heart.
It's time to start
prospecting
into the
future.

Student life at Roseville High is no different than that of any other high school. We all come together for approximately nine months out of the year to spend our days united; learning, meeting, teaching, sharing and caring. We are one big family bound together by circumstance. Our outlooks on life are various. Each has a goal for which he is striving. These students, our family, live in harmony throughout the year, showing participation, inclination, spirit and hope for a better tomorrow.

As we go our separate ways, we'll look back for just one more glance at childhood, and the way of life we've grown to know, love and respect for most of our lives. Our thoughts will be many: sadness, happiness, sorrow, grief and joy. Then, we'll slowly turn away, leaving the security of this institution to begin **prospecting** into the future.

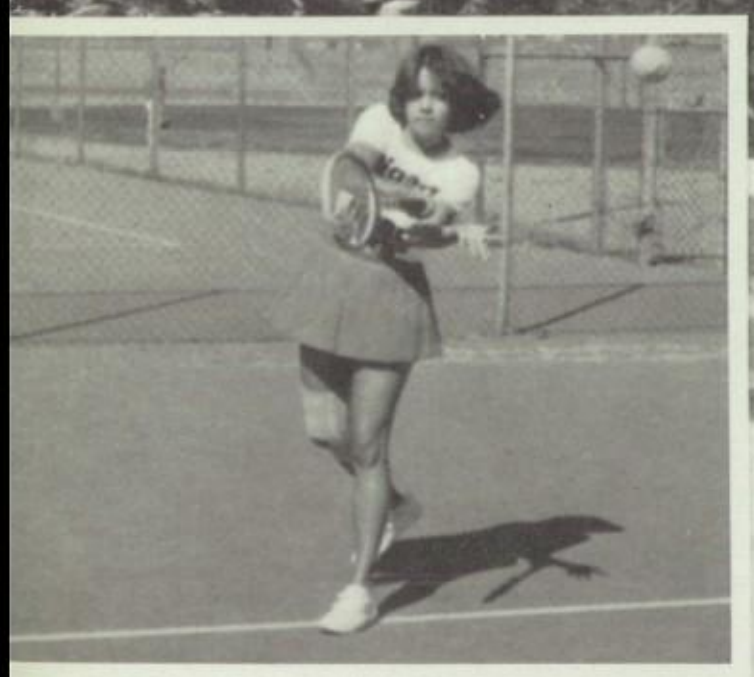
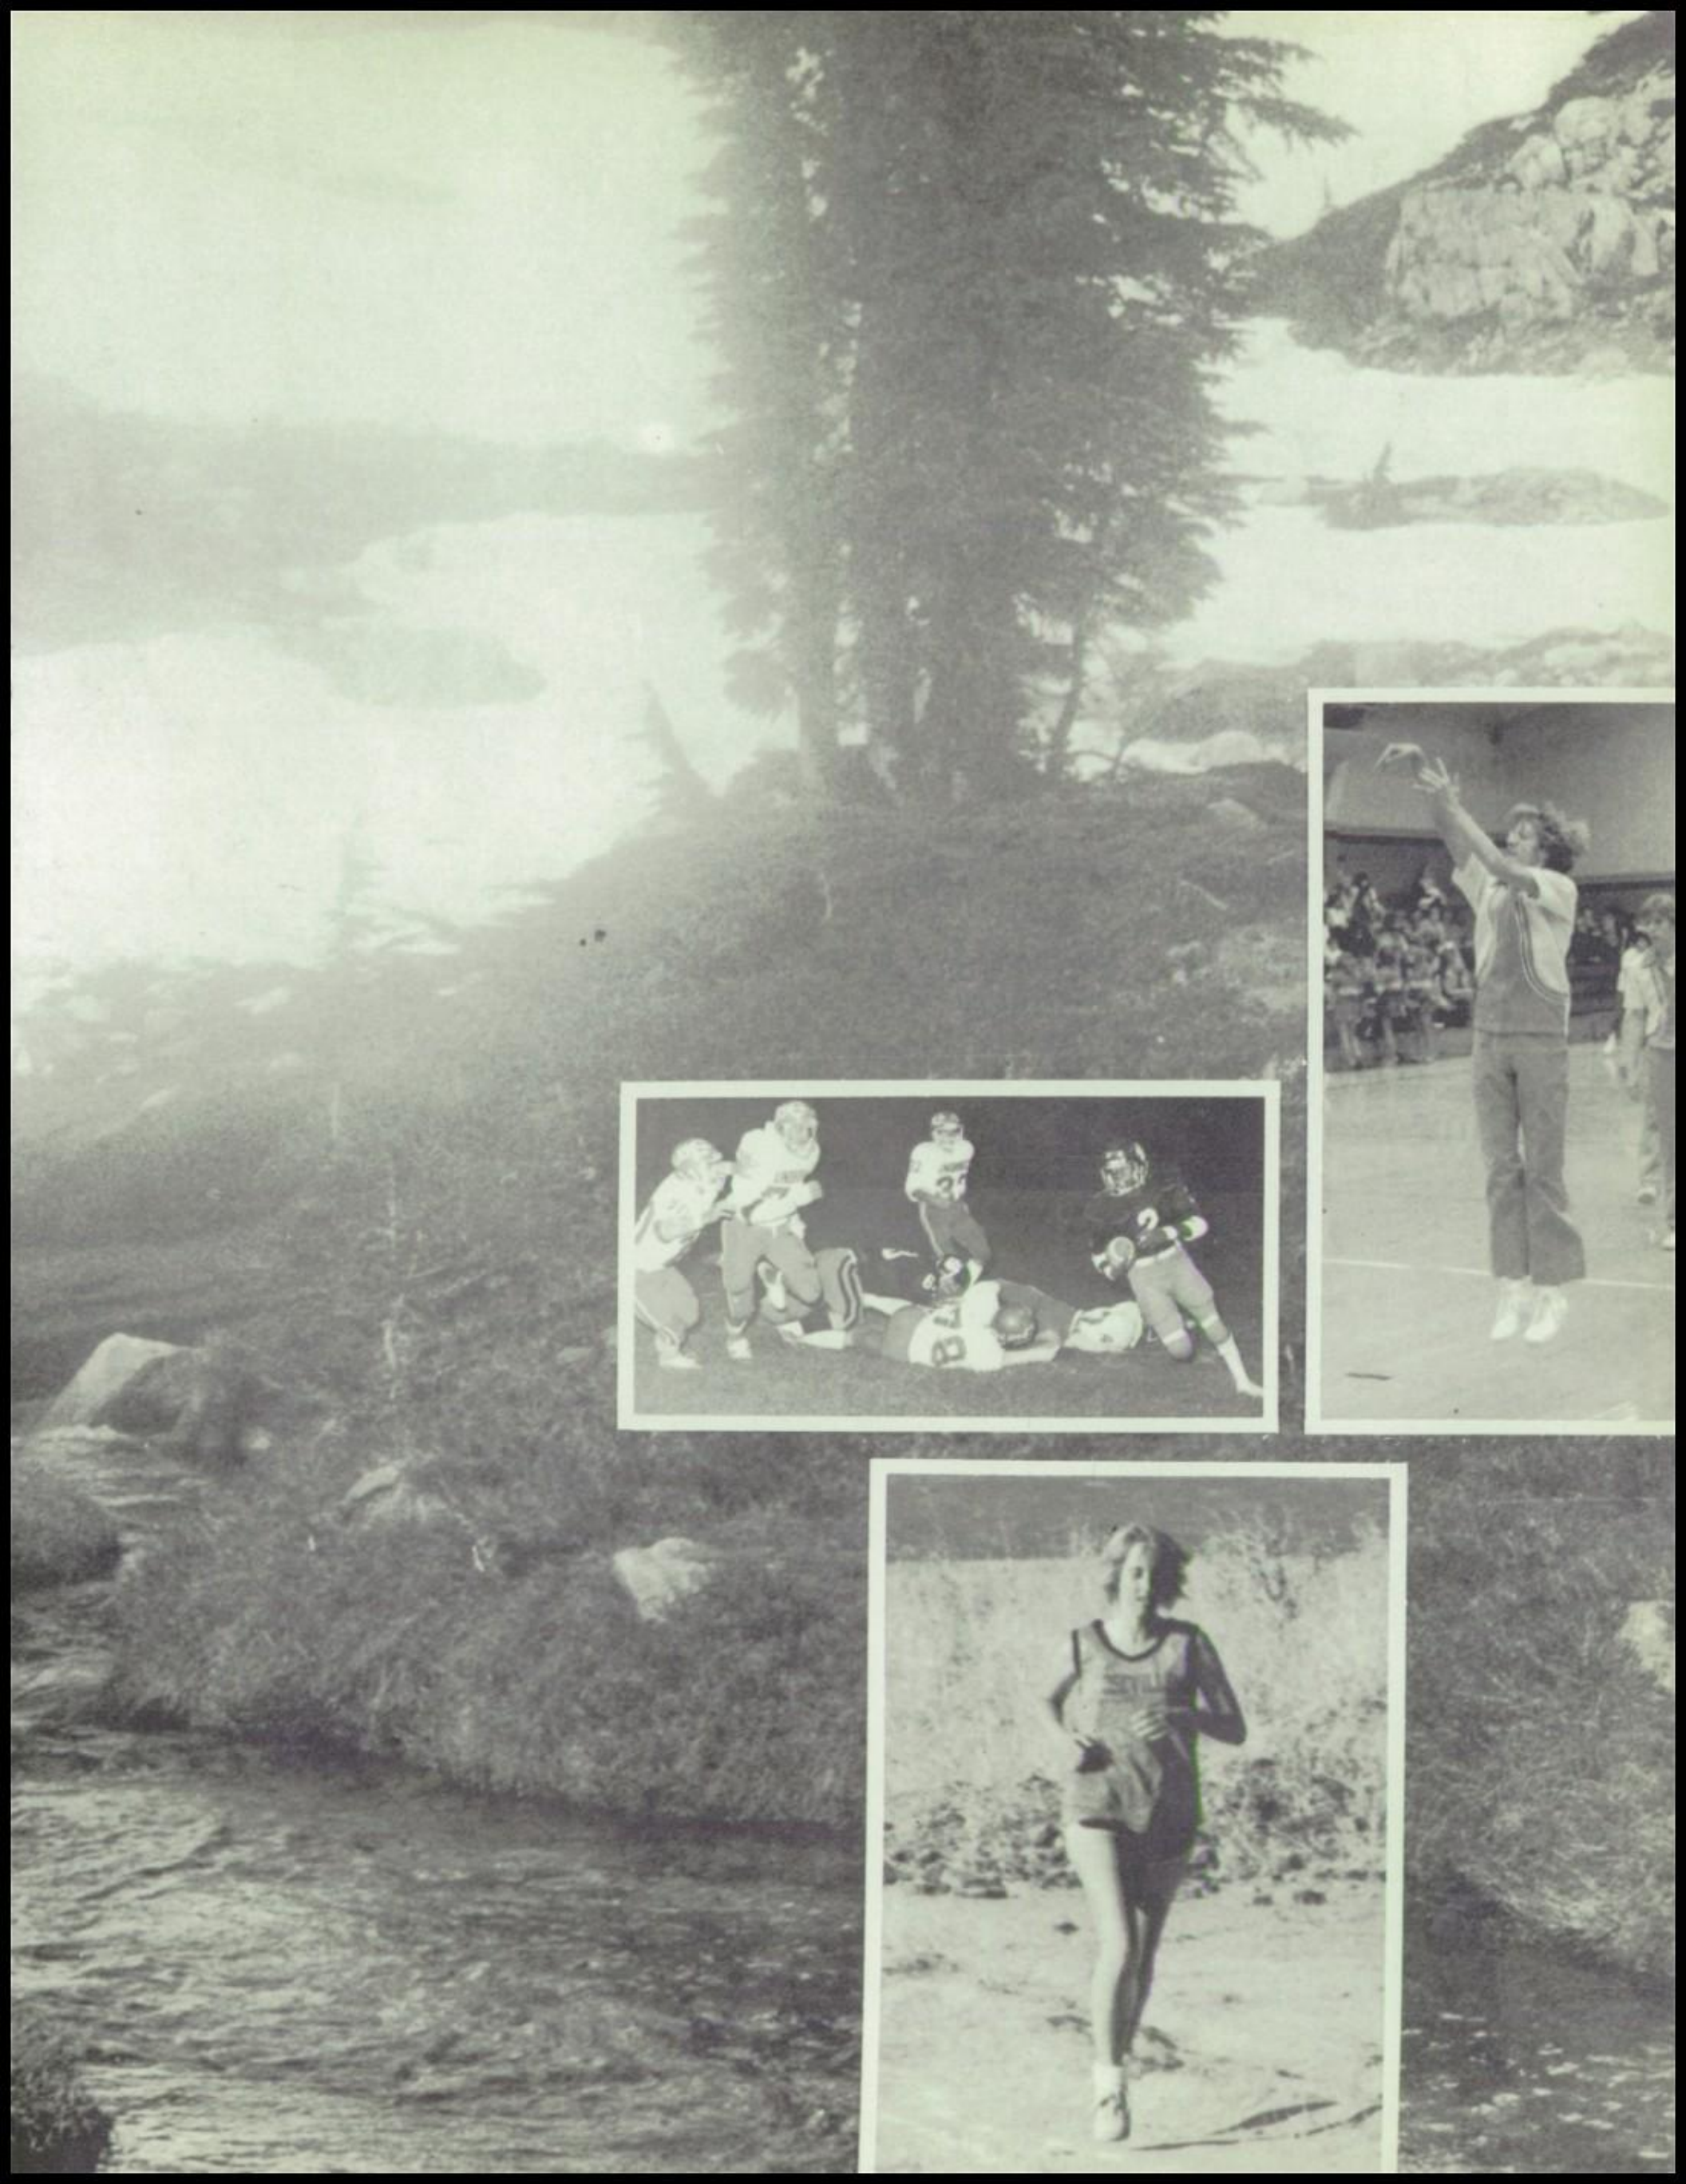
Searching For Competition





Varsities Vitality Vanishes

The Varsity Football team was known for having spirit and fun before, during, and after each game. Although they haven't done as well as expected, Coach Lippi says their goal is still to go to the section playoffs.

A big set-back to their victory were the injuries to **David Jara, Del Detwiler, Dale Vaughn, Gene Andrede,** and **Tim Boroski** throughout the year.

Darren Woessner, one of the team captains and Defensive Back, feels that there was a lot of individual talent out there but that they could have played better as a team.

According to **Danny Garcia**, "Without **Robbie Boscow's** great quarterbacking and **Silly Billy** jokes we would have never made it through the year."

All in all, the boys did a superb job, despite their many injuries.

Top Back: Brian Leath, Brian Spencer, Kenny Moore, Frank DellaLibra, David Amick, Mike Luna, Buzz Lore, Larry Schnieder, Andy Alcala, Moose Nelson, Don Johnson, Del Detwiler, Steve Youngbluth, Greg Parks, Josh Thurman, and Troy Nogosek. Next Row: Jim Gibbs, Jeffery Boyd Udell, Ken Demello, Don Helm, Gene Andrade, Rick Garcia, Dale Vaughn, Joy Wright, Lyle Markowich, Tim Boroski, Mike Humphrey, David Jara, Andy Thompson, Carl Carreras, and Tomy Leath. 3rd Row: Gene Morgan, Kent Sasaki, Dane Lewis, Jeff Denison, Mark Burkhalter, David Korn, Robert Leighty, Kyle Kuykendall, Jamie McCauster, Pete Gomez, Mark Kentz, and Bruce Youngbluth. Front Row: Chip Bautista, Louis Antoine, Mitchell Green, John Priley, John Hernandez, Darren Woessner, Ralph Navaro, Robbie Bosco, Steve Jiminez, Danny Garcia, Skateboard, Gary Short, and Brian Keith.

J.V. Football didn't have much support from our Roseville spectators this year, but did that stop them from playing as tough as they could? No! Our team was hardworking and eager to win. They practiced almost everyday: passing, running, and struggling toward improvement. It was worth it. They really did improve, and by the end of the season they won really big ball games with some really big scores. On the whole, they did very well, thanks to the help of assistant coaches **Walt Wild, Ed Lubinski, Lou Mullikan, Dennis Barsotti,** and Head Coach, **Don Hicks**.

The Roseville High Frosh team had a good season. They gave every team a tough challenge. There were 35 freshmen on the team this year. The players has a lot of spirit and boy could those little guys run fast.

Their Homecoming was on a Saturday, and they played against Foothill Christain. They did a great job, and gave a good fight, but lost by one T.D. Outstanding players **Tim McDowell, Mitch Moore, Jim Greenlee, and Darrell Weaver** helped the team work and stay together.

Mr. Vlasick and assistant **Mr. Casagrande** put a lot of time and effort towards this team and it turned out to be a good team and a good year.

As **Mr. Casagrande** said, "This year, our Frosh football team has shown more potential than Roseville High has seen in years!"

Another One Bites The Dust

The Roseville girls tennis team this year was a young team full of first year players. As the season progressed, though, the team got stronger with experience, and the spirit soared. They came in 3rd place and was one of the friendliest teams in the league. This year's ammunition was stressed on sportsmanship, fair play, and their placebo, (Chocolate Chip Cookies). All in all, they were a ferocious team with strong players **Cristy Bryant, Signa Miller** and number 1 doubles **Janis Huffman** and **Lisa Willeford**.

"We couldn't have done it without everyone's team support and togetherness," said **Gale Gebstadt**.

Kicking their was to victory, the soccer team proved to be very successful, once again, with the excellent coaching of **Pablo Guiterrez**. Outstanding players such as **Bret Allen, Daron Anderson, Andy Pacheco,** and **Kevin Wallace** assisted the team to success making them come out on top. All this talent didn't come naturally, though. A lot of hard work and strategy was involved. The team had to work together to be the best.

The Varsity volleyball team did an excellent job, ending high in the league standings. Diane Gieck, team captain was noted for helping everyone play aggressive volleyball. Denise Gerety and Beverly Micheals were sensational as setters. The team was at its best when under pressure. They formed a family and the ammunition they used was overwelming.

"Frodahl's coaching was a great help. We were able to work with him. He could tell us what we were doing wrong and how to correct it. We had a lot of talent and he helped us put it together," said Beverly Micheals.

Roseville High's J.V. Volleyball team has spent many hard hours in practice and competition. The girls had to be willing to devote extra effort and long hours to make a strong team which they did. This sport brings out the very best skill in every participant. The team provided fun and a challenge for the enthusiastic player. Team captain **Rayla Vincent** helped the team work together and compete on a friendly basis. She also assisted **Mr. Frodahl** in giving lots of help and advice to the players.

Asked how she felt about their season, **Rayla** answered, "We got off to a slow start, but the second time around we put our ability into it."

Roseville's Varsity Basketball team has 12 continuously improving players. They worked non-stop to perfect their team work, since that is most important for a successful **Loren Morris** team.

Senior player, **Loren Morris** said, "All the league teams are about equal in ability; none of the teams are going finish the season undefeated. We have been working extra, putting in long practices to come out on top in the league."

Paul Gonzales said, "We're really enthusiastic. Crowd support makes the players want to win, and since basketball is one of the most popular sports at Roseville, the team will get a lot of support and the spirit will rub off onto the players."

The J.V. Basketball team consisted of 12 ever-improving sophomores. They were faithfully guided down the court by coach **Paul Greco**. During preseason play, they accumulated a 5-4 record. This all turned around when, in the league opener, they won 52-47 over Lincoln.

According to **Morgan Staples**, "Practices were difficult but needed to improve the team. The season was tough, but we hung in there all the same."

Greco said, "Roseville is always ranked in the middle. J.V. players and teams are always unpredictable because the kids are young and need lots of experience. They need to get a team effort going. Basketball is a game of practice, experience, and dedication. Someone once said, 'Basketball is not a game, it is a phylosophy and a way of life'."

"Dribble that ball! Get running or I'll make you do those suicides all over again! What are you flapping your arms for, it's too late to fly south for the winter! Run, don't walk, it'll take you two periods to get across the court!" This was the way **Paul Estridge's** practices went throughout the season. Sure, every once in a while he had a few words of encouragement, like, "You're really improving, but I know you can do better!"

You'd think that with all of his nagging and ordering, **Coach Estridge's** frosh team would never have made it to the league opener, but like a parent teaches his young, **Estridge** taught his team that hard work and practice pays off in the end. They proved this philosophy by having a tremendous victory over Lincoln, 57-31 in their league opener. In a game against Nevada Union, **Kevin Range** went up for the final two points of the game, giving them a 46-44 win.

I think we're pretty good," said **Louis Jones**. "It looks like we're gonna make it."

The girls were ranked pretty high in the league standing, and they got off to a good start by defeating the Lincoln Zebras 78-34 in the league opener.

"The girls hussled a lot and had a lot of desire to make the team work. They have devoted a lot of their time to this. Some of them have even gone to special basketball camps," said **Coach Fine**. "My girls have worked hard all year!"

Can you imagine a sport with no cheering crowds, little prestige, and lots of hard work? Cross-country is just that sport. This sport demands from its participants endurance, determination, and dedication. The team runs 2-8 miles everyday after school. The highlight of cross-country this year was the girl's team, which was the first in Roseville High School's history.

Coach Peterson described the girls as "A good team, the girls are all about equal in ability." I How do cross-country runners feel as they pound down the trail? **Mark Williams** answered, "Hot and tired."

This year's GYMNASTICS TEAM was full of determination and spirit. There are four events the girls compete in: vault, uneven parallel bars, balance beam, and floor exercise. Looking at this equipment you would wonder how anyone could handspring over a four foot horse, balance on a four inch beam and swing up and around between two bars. What it takes is hard work and enthusiasm and this year's team showed it throughout the season!

Twelve girls came out for the Varsity Team. Returning from last season's undefeated championship team were: **Elise Riley, Terri Dininger,** and **Sheri Cross**. They helped out the newcomers with their experience spotting and with ideas for routines. All the Varsity make up and compete their own optional routines. No one gives it to them and says "OK, this is yours-good luck!" Sometimes it was difficult getting new tricks to make routines different and original but help, confidence, and co-operation from everyone on the team and coaches **Mrs. Cruz** and **Mrs. Noyes** is what made it work.

The J.V. and Novice Teams also had great turn-outs. There were girls returning to the J.V. from last season's championship Novice Team plus some newcomers who had never competed before, couldn't get the hang of it in the beginning and thought Practices were too strenuous. Most of them needed confidences from hearing

Help, Confidence and Co-operation from everyone is what the 1981 Gymnastics Team felt made their team GREAT!

Roseville's Ten Team won the Northern Sections last year, and it looks like they are going to have a championship team this year.

According to **Mr. Titus**, the teams' coach, a lot of the teams' strength lies in their veteran players. **Daron Anderson, Steve Libby, Tarcy Dykloff,** and **Tom Simpson** all returned from last year's team.

Coach Titus said, "They are a well-balanced team-in fact, they are probably the best balance team we've ever had. I'm sure they will do well."

The Varsity team has had a promising year. Every player had dedicated a lot of time to produce a great team. All of the individuals time was spent day-to-day practicing, and it's paid off. The Varsity team feels thay they have put the best team together, with seven of the 13 players coming from last year's team.

Mr. Lippi, is a hard working coach. His years of experience has made his teams successful.

Tom Loker said, "I think we have a high ability to succeed to the top. **Mr. Lippi** is an outstanding coach and he keeps us playing together as a team."

Softball season ran high after basketball dribbled out. Although softball was the last sport of the season, it managed to catch 12 eager followers, which consisted of senior **Christy Bryant** and **Troy Beaver**, whose experience was well-appreciated by the rest of the team.

Coaching the team was Marjorie Drone, who this year devised a quicker and more efficient program for the practices, which added extra time to iron out the rough spots. With a large number of rookie ball players, it is evident that they will be a big contender in the coming years.

Why isn't **Coach Banks** easy? Catcher, **Joselyn Fenley's** answer was simple, "He makes us work hard **all the time**. If we mess up, he yells. Other than that, he's O.K."

Softball is a very competitive sport, and a lot of conditioning is needed to be on the top, and **Mr. Bank's** J.V. Team appeared to have more ability than ever before.

Coach Banks said, "We have a very good defensive team. All of the girls are quick, and with a lot of hard work on both offense and defense, I think we'll have a winning team."

Carolyn Alexander stated that, "Softball takes a lot concentration. Everyone thinks girls softball is easy, but it's not at all!"

J.V.'s Pin Again

The 13 man squad ended the season with a better than 60% win record in league standings. Roseville has come a long way in building a good, solid J.V. team which in the long run could mean an even better varsity.

Efrain Escutia was quoted as saying, "This is my 4th year wrestling, and the sport is getting tougher every year. I do enjoy being physically fit and healthy. I wrestle because I love the competitiveness of the sport, the excitement, victories, and most of all, the medals"

When asked what he thought of the team, **Brian Tully** answered, "We're doing pretty good. We have a strong team and the wrestlerettes stir up a lot of enthusiasm."

The B's Team Wins With A Pin!!

Dave Branstetter and **Art Banks** were the coaches of this fine 15 man team of wrestlers. Their goal was to finish high in the league, which they did. When asked how he felt about the season, **Branstetter** replied, "I feel this year has been a very promising and rewarding experience. We have a young team with only three seniors. Some of the more outstanding wrestlers were **Russ Rabago, Dennis Kaufman, Doug Kaufman, Kevin Tully, David Jara, Robert Leighty,** and **Randy Lucero.**

One thing that we do have that's added a lot of spirit were the 12 wrestlerettes that did a tremendous job cheering and taking care of the team. **Tami McGraw,** with the help of **Lisa Pujals,** handled this bunch of beauties which was a job in itself."

"You have to be in shape mentally as well as physically before every match to be able to do your very best. You also have to be dedicated to the sport to be good at it. I enjoy the challenge I get in competition," explained **Russ Rabago**.

When asked what he liked about the wrestling season, **Doug Kaufman** answered, "I enjoy being physically in shape, and the wrestlettes give great massages."

The Roseville High track team underwent a complete turnabout this year. **Gary Casagrande** took over the job of head coach. **Don Hicks** devoted his time to the shot and discus members. **Paul Estridge** worked out with the long distance runners, and **John Shattuck** coached the high jump, long jump, and triple jump people.

Coach Casagrande, who took care of mainly the sprinters and hurdlers, said, "Our pre-season goals were to develop the younger talents progressively and to maximize the achievements of the juniors and seniors individually."

Some of the outstanding members were **Steve Jiminez,** school record holder for high jump; **Hank Brest,** distance runner; **Del Detwiler,** school record holder for discus; **Ralph Pfost,** long and triple jumper; **Lisa Pujals,** school record holder for **HURTLES; Shawn Youngstedt,** distance runner; **Richard Brown,** freshman record holder for shot put; and freshmen **Andrea Cervantes,** distance runner; **Matt Gilmore,** jumper; **Todd Mitchell,** distance runner, and **Mike Peppers,** sprinter and jumper.

If you have ever wanted to be on a co-ed team, badminton was the place to be this year. The team consisted of 15 men and 15 women, who worked hard to become the best.

Coach Romine said, "Although we lost many players who graduated, we have a strong nucleus. This season, we competed in the Delta League, which consists of Woodland, Davis, Yuba City, and Foothill."

One fantastic player on the team was foreign exchange student, **Peter Tikjoeb.** He was a real asset to the teams' overall performance, and the best man Roseville has ever had bumping birdies.

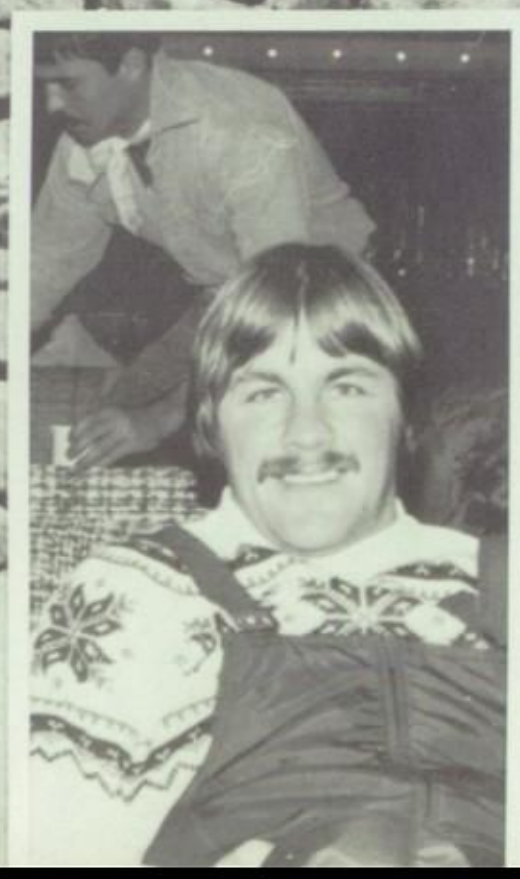
Blasting For Spirit



Activities Spark Up Homecoming

Fun-filled activities made Homecoming week a delight to everyone. All week long, activities were planned. Mums were sold for people who wished to send that favorite person something special, which were recieved on Friday. Spirit chains were sold and the Juniors proved most spirited by surpassing all other classes. Tiger posters were also sold. They were a special donation from **The Tiger Den**. A waterbed was raffled making **Mr. W. Thompson** a very happy person. Thursday was the day for the annual talent show. Students came to see what unknown talent some Roseville High students and faculty had, Friday was the day students were anxiously awaiting. In the morning there was a Homecoming breakfast with entertainment. At the end of the day there was a Homecoming rally which ended on the football field with a display of floats and Homecoming princesses.

Tigers Bring It On Home

Homecoming '80' was filled with participation and excitement from students and faculty alike. The spirited week started off a big success as Monday was Slob Day. **Melody Bell** and **Laura Edwards** proved to be the best slobs. Tuesday, Twins Day, had a big turnout. **Sally Ann Trueblood** and **Nancy Watson** were very original by showing up as twin beds. Wednesday, Senior Citizen **Kelly Chappell** looked great with old age. **Laurie Kensiski** was adorable for Thursday's Kids Day. The most spirited of all, though, were **Diane Gieck** and **Loretta Rapp** on Friday's Spirit Day.

The Homecoming floats were started late, making Thursday, the night before Homecoming, total chaos in the Mechanics yard. Students from every class and club came to meet the deadline. There were 7 floats and a special surprise float. The **Junior float** was most spectacular; the magestic tiger returning to Hanson Field, won first place. The surprise float, alias History float, unfortunately didn't make a winning place.

Karis Sinderson Crowned Queen

Homecoming "80" was the most exciting one in the last ten years, mainly because we played the Lindhurst Blazers on our own Hanson Field. Yes, the Tigers are home at last!

During half-time, the hard work and preparation of the band and drillteam showed on their performance, along with the beautifully displayed floats. Highlighting the evening was the parade of princesses. As they arrived with their escorts, the tension in the crowd grew.

Then, suddenly over the loudspeaker: "And this year's 1980 Homecoming Queen is . . . **Karis Sinderson**." The players and spectators applauded with approval.

The evening ended successfully with the win over Lindhurst, 14-2. Following the game, the celebration continued at the annual Homecoming Dance which ended a week everyone will remember.

Pep Squad Brings Spirit Back To Hanson Field

Many people think cheerleading is a lot of fun, but in reality it is hard work.

The Pep Squad, Consisting of cheerleaders **Julie Anderson, Troy Beaver, Kelly Chappell, Stacey Chappell, Terri Dininger, Kim Gadberry, Debbie McKim, Cindy Ucovich,** and mascots **Elise Riley** and **Suzan Strong** spent time during the summer and time after school creating and practicing new routines for the year's activities.

Kim Gadberry and **Suzan Strong** were quoted as saying, "It's a lot of fun, but it's also hard work and time consuming."

"We laughed, we talked and we had our fights," remembered **Cindy Ucovich.** "But most important of all, we were friends."

Rallies Spice Up Spirit

6 △

7 ▽

8 ▽

9 △

Rallies are held before each home game. A rally begins with all of the classes screaming to the top of their lungs cheers such as "Seniors are the mightiest", "82-82", and "We're number 1". At the end of the cheering, the seniors sing to the mickey-mousers.

Usually, next on the agenda are announcements about sports, clubs, and events that shape and are important to the Roseville High student body. Then there's the class competition in which a boy and girl from each class are chosen to represent their particular year in various exciting events like passing an orange back and forth only using the legs, or the ever famous 4-legged race using 3 people. In one rally, **Don Johnson** actually swallowed an egg!

After the excitement has worn off, the cheerleaders do a routine and the mascots do a sketch. Last but not least, everyone stands, arm in arm, to sing our Alma-Mater.

"Blythe Spirit": A Surprising Success

The Drama Departments' production of Noel Coward's "Blythe Spirit" proved to be very rewarding. Nearly the entire cast and crew found themselves involved in their first big production. Despite their inexperience the cast and crew performed admirably. The only senior in the cast, **Laura Mattice** proved to be a solidifying force with an excellent portrayal of Ruth Condomime. **Cliff Seford** was very funny as Charles Condomine. **Kristi Davis** was very enjoyable as the "Blythe Spirit", Elvira. **Cheryl Davis,** kept the audience throughly entertained as the outrageously hilarious Madame Arcati. Mr. and Mrs. Bradman were performed quite well by **Steve Shaddix** and **Lee Jones**. **Paula Sinderson** was perfect as the dingy maid, Edith.

Casaba Week . . . Sooooo Awesome!!

Casaba week at Roseville High turned out to be awesome!! Cowboy Day started off the exciting week. The best dressed cowboy was **Elise Riley.** Tuesday was Hollywood Day where **Carol Leak** and **Julie Barva** took the honors as Mickey and Minnie Mouse. Wednesday, Sports Day, **Troy Beaver** was named best jock. Thursday was 50s Day and **Loretta Rapp** and **Diane Gieck** won. On Friday, Spirit Day, **Francie Wight, Kris Snieder,** and **Michelle McLaughin** won as Official Playboy Bunnies (??).

On Friday morning a breakfast and talent show were planned, but the big excitement followed the basketball game with a dance, where everybody rock-and-rolled all night to the hot tunes of "The Boyz". All in all Casaba week was excellent.

Prospecting Into the Future

School is out and a glimpse of the past is still with me along with looking forward. The identity crisis is over for I now know who I am. Yes, that's right: I'm grown up, highly educated, ever-spirited; an adventurous looking adult. I say this because I'm 18 and ready to tackle the world. I have the means to do the basic things in life to survive in this modern world of ours. Call me the Spirit of 81 for I have accumulated 4 years of it to be used out in the big bad world. Not only will I use it in the sports world, but also my spirit will help me to achieve the goals I've set up for myself. Being on my own is just around the corner and the challenge, the excitement, and the fear awaits me. My high school years are finally at an end, all the past is behind me, for now the future is mine.

Debate Team Had A Scream

5 ▽

6 △

7 △

Roseville's Debate team is a member of the Sacramento Valley Forensic League (SVFL). There are 18 schools in the league from the greater Sacramento area, and the team placed first overall in two tournaments. They also attended the state tournament at UCLA.

The Varsity debate team consisted of 4th year debater **Jerry Carroll** and 3rd year debater **David Risse**. **Tom Riley, Marsha Haight, Kim Bell, Angela Scripa, Louie Avila,** and **Joshua Thurman**. The team was coached by **Ernie Titus**. He coached students on speeches after school and during class time.

Jerry Carroll stated that this year's team had great potential for future teams with some of the more advanced speakers.

A.F.S. Is Unforgettable!

Roseville High School had a fascinating group of foreign exchange students this year. **Chris Wharton** was the A.F.S. student from Great Britain. There were other foreign exchange students on campus who were not sponsored by A.F.S. They were: **Peter Tikjoeb** and **Kristy Marholt** from Denmark; **Axel Patino** and **Carlos Meirelles** from Venezuela; and during the first semester, **Celso Boaretto** and **Gislaine Montebello** from Brazil.

The club organized a bake sale and T-Shirt sale, but its major fund-raiser was the candy sale it had in February.

"The club is made up of a super group of kids who support the A.F.S. program. "The adult A.F.S. club is really impressed!" says faculty advisor, **Zella Challender**.

Chris Wharton commented, "I really enjoyed my stay in the U.S. and I'll never forget the great times I had." Well, Chris, Roseville's A.F.S. will never forget you either!

C.S.F. Goes All Out!

C.S.F. had a busy and productive year. Headed by the advisors, **Cecil Morris** and **Patricia Molnar,** the club had many fund-raisers and activities. The fund-raisers included a Christmas balloon sale and the annual forget-me-not flower sale. The highlight of the year was a trip taken by the club to prestigious Stanford University.

Mr. Morris was heard saying, "Sometimes it's hard to make a decision, but when we do we go all out!"

When **Duane Gibson**, first semester president of the club, was asked to say something about C.S.F., he replied "Something about C.S.F."

I've Got The Music In Me

If you've ever passed by the band-room during fourth period and heard a sweet sound coming out, you more than likely listened to the R.H.S. choir singing their hearts out.

This years 27 member choir, directed by **Mr. Cambridge**, formerly of Mills Jr. High in Rancho Cordova, is music to your ears. They've participated in many school events as a group and individually. They also planned exciting trips, here at home and abroad.

"The R.H.S. band is the best in the land" should have been the slogan for **Mr. Cambridge** and his 37 member band.

They worked very hard during the year building numbers, developing good musicianship and a sense of pride in what they do.

The band played at rallies, football games and festivals where they competed against other bands. They also planned a tour of the L.A. area.

In his final words, **Mr. Cambridge** said, "I predict that the R.H.S. band and choir will become the best in the Sacramento area." From the sound of things, Mr. Cambridge's prediction is well on its way to becoming a reality.

The 10 member drillteam, headed by Captain **Donna Trimble** and Co-Captain **Terri Halfelfinger**, spend their waking hours practicing routines, twirling flags and strutting their stuff in home football games and in competition with other drillteams. Asked how she felt about the team, **Terri Halfelfinger** answered, "The drillteam is great. We all get along well and work together well. We have great ideas for routines and should do quite well in competition."

French Club Dines Out

Have you ever been to an exquisite French restaurant? Well, if you haven't you should have been at Miss Kristine Olsen's house for an authintic French dinner just before Thanksgiving. Mr. Verrue even broke down and had a Christmas party at his home. That's right, at his home.

The French Club planned their annual trip to the bay area in the spring, in search of French Museums and eateries. They raised money for this event by selling candy in February.

They also went to the Gala Mardi Gras, which is a masquerade ball that is held in conjunction with other French Clubs in the area. They hope for this to become an annual affair.

German Club Does It All

This year's German Club was one of the most active in Roseville High School's history. The club started the year with a progressive Octoberfest dinner involving four homes and over 120 students.

During homecoming, the spirited members of the club built a fabulous float which took first place for the club section.

The annual Christmas party was a huge success. It featured a talent show watched by more than 300 students representing 11 schools and a dance ran by two K-ZAP DJ's.

The great year was concluded with the annual trip to Marriott's which the club enjoyed thoroughly.

The fact that most of the Roseleaves staff this year was new and had no experience in putting together a yearbook didn't call for any alarm or panic in the advisor, **Dave Branstetter**, because he was in total control-most of the time. He did, at times, get all worked up over little things like total chaos, blurry photographs, boring copy and captions, and late layouts. But, nevertheless, everyone had the same enthusiastic feeling about getting started.

With the aide of **Marne Gebstadt**, editor, and **Maria Ruvalcaba**, co-editor, the new staff caught on quickly. Thanks to the wonderful photographers, **Mike Humphrey, Gale Gebstadt, Eric Bianchi,** and head photographer, **Sally Ann Trueblood** who all did a terrific job, and copy editor **Tami McGraw** and assistant **Janette O'Coy,** this yearbook has become the best, in the opinion of the yearbook staff, ever to hit the town fo Roseville,

I was walkin' down this ol' deserted hallway all bored and feelin' left out when out jumped a passul of young-uns wavin' papers all about.

They were yellin', "Come buy your Hi-Chatter, it's number 1! Come buy your Hi-Chatter and get in on the fun!" But seriously folks...

The 1980-81 school year was been one of hard work for the staff of the Hi-Chatter. There have been stories to write, people to interview, deadlines to meet, and printing dates to be met. But, there has also been a lot of fun to be had. The staff has enjoyed being caught up in the mad world of journalism writing and editing. With the help of the Newspaper advisor, Beverly Brenniese, it has been a year of new experiences and a whole lot of learning.

The first ski trip of the year was a learning experience for the beginning skier. It was at Boreal, and although there wasn't much snow on the ground, it was a good trip and everyone had a lot of fun. The most courageous skier in the club was **David Palazzi**, who on the Boreal trip split his head open hotdogging on the treacherous slopes. Even after getting his stiches he continued to ski. (What a stud!)

Other ski trips planned for this year are Heavenly, Alpine, and Squaw Valley. There are approximately 175 members in the ski club. Most of the skiers are experienced and enjoy helping those members who have never been skiing like **Mr. Banks,** who really needs help. The officers are: President, **Doug Stanley:** Vice President, **Pete Barajas;** Secretary, **LaWanda Weber;** and Treasurer, **Troy Beaver.** The two advisors, **Art Banks** and **Dave Branstetter**, are looking forward to a good season.

The Board of Trustees had many goals to strive for this year. One of their goals was to find a permanent site for Adelante High School on the corner of Branstetter and Atlantic at the beginning of this year. The district also managed to get a microwave tower, station, and cable T.V. for the Roseville High School District. For example, without the help of the district and very much appreciated help from the Roseville Boosters Club the Tigers wouldn't have returned to Hanson Field.

"I did the same thing with **Genasci** and **Bailie** this morning."

"I just can't go anywhere without seeing **Mrs Besana**. She must have at least five clones!"

This is a typical conversation between two Roseville High students. And who are they talking about? Who else? The ever famous 3-**B's** and a **G**. These people are the backbone of our school.

What would we do without them? One student replied, "We'd find someone else . . . if anyone was willing to take their places."

If a visitor were to walk into a certain Roseville High School building any time of day a strange sight would meet his eyes. He would see thirty or forty students impatiently clustered around a counter, each with his own urgent business, and behind the counter, a handfull of ladies with exasperated, hurried looks on their faces. Where, you ask, is this place? The office, of course, with its hard-working, eternally behind-schedule staff.

These ladies seem to be in perpetual motion, answering phones, handling absences disciplinaries, and a thousand-and-one other jobs.

When asked what they enjoyed about their work, the pervading answers seemed to be a variety of things.

As Mrs. Swenson said, "There's always something to do and people to meet. It isn't a regular 9-5 Job."

Start The Morning Right

The two most important working groups of people, and the least appreciated, are the cafeteria ladies and the custodians.

The cafeteria ladies arrive every morning at about 6:45 and stay until 3:30. These ladies work hard, preparing breakfast and lunch, cleaning up messes, making menues, and ordering food. They do all of this with little recognition or praise, throughout the year.

Asked how she thought the new breakfast was working out, **Cleda Freed** answered, "It's going very well. I really like it and the kids seem to be enjoying themselves." **Juanita Cooper** commented on the closing of the snack bar. She said, "It was hard on the kids to go to two or three lines to get what they wanted. Now they onl have to go to one. We can serve mor kids in less time this way. I don't fee that it has caused any damage or set backs in our system and the kids ar having healthy lunches."

The custodians keep themselves busy all day long, and into the evening, cleaning up our campus. Classrooms, restrooms, hall; they do it all. When there not cleaning up after the students, they're tending to the lawns and landscape to make our school something we can be proud of. Our custodians work hard for us, we should show a little consideration and help keep our campus clean

Deidra Dahlberg-"Twenty years is a longer period of time than I would like to predict! I enjoy teaching and working with spirited, creative, vibrant young people. I hope I still have enough energy left to be working with them 20 years from now!"

Marjorie Drone-"Sure thing!! Why not? The first 40 years are the hardest; the next 20 should be a snap!"

Peggy DuBose-"In 20 years I plan to be retired, learning to play the piano, traveling as much as the budget allows, active in community affairs, finishing many projects I have started, pursuing my present hobbies and learning some new ones. Why, in 20 years I will have passed that magic re-

What do you do in your spare time?

In the summertime, I read 40 to 50 books that I want to read. And (if I ever get enough money) I want to travel around the world! I love to travel."

Hardin Cheney-"I fish, play pinnocle, hunt, bowl, and I'm a rock hound (rock collector.)"

William Collins-"My hobbies include automobiles, woodwork, leatherwork, upholstering, needle craft (embroidery and latch hook), cooking, and the jobs around the house. I like to fish and hunt. I also like to drive the logging roads in my Big Bug."

Deidra Dahlberg-"During the summer I love to travel to Europe. I also enjoy sewing, embroidery, quilting, and needle-crafts. I'm learning Swedish this year. I also raise indoor plants. The trick is to keep them from dying! I enjoy reading and working on German Club Activities as well."

Lloyd Enfield-"No, I plan to depart soon to handle my real estate and farms."

Paul Estridge-When asked this very hard question,**Paul Estridge** played it cool. His reply was quite simple, but to the point. He answered by giving a "definite maybe."

Guy Fine-"Yes, because I thoroughly enjoy working with so many friendly, happy, conscientous, and intelligent people."

Carl Foote-"No! At the end of 20 more years I will have been at Roseville High for 41 years, and that is much too long to graduate."

Sherie Funk-"What a frightening thought! I hate to predict what I'll do in the next year let alone the next 20. I'd like to think I'll have other experiences, maybe other jobs. But, if I do teach all the next 20 years, I'll be staisfied. Teaching is a joy for me or I wouldn't do it; it's hard work."

Richard Lee-"I guess so. I can't think of any other job with good benefits: high pay, short days, and lots of time off. Why just the satisfaction of seeing those happy, smiling faces, eager to learn, is enough reward to keep me teaching forever."

Picture **1**-"I can break this with the strength of one hand." Picture **2**-Is that so? Picture **3**-Show me the way to go home . . . Picture **4**-Of course this is the answer sheet! Picture **5**- What was that answer again? Picture **6**-You've got to be kiddin'! Picture **7**-I think I've got my finger in my eye. Picture **8**-You bet I'm glad it's Friday!" Picture **9**-Hey, what can I say?

Yes Peterson,

Do you plan on teaching for the next 20 years?

Henry Mitchell-"No, about 19 perhaps. That's retirement time; but who plans that far ahead?"

Patricia Molnar-"I may not be teaching 20 years from now. I believe in change to keep one on one's toes. I may be in a totally different line of work by then, just because I enjoy being challenged."

Cecil Morris-"Yes, I enjoy being around young people; it helps keep me in touch with changes in tastes and fashions. I also like planning lessons and teaching people how to do things. I like telling people what to do."

Jerry Oates-"I'm hoping to graduate before then (if I can pass my competencies!) After 20 years at RHS I plan to work my way into some "cushy" job in a Senior Citizens home as Art Director or Wheelchair Racing Champion or something equally exciting. If this doesn't pan out, I'll probably write a novel about RHS-(a comedy type!)

Roy Osella-"No, I've taught for 25 years already and I hope I can retire before I do 20 more."

You Look That Old!

Louis Pellegrini-"No I don't want to!"
Keith Peterson-"Why not 40 years?? Do I look that old?"
David Pillsbury-"No, I will be dead in 10 years."

What do you do in your spare time?

Henry Mitchell-"I am always busy in my spare time-I never get done all I want."
Patricia Molnar-"I like to travel, ski, sew, read, and shop-especially at sales!"
Cecil Morris-"I write short stories, usually humerous but sometimes dramatic. I also write articles on education and english. I try to sell the articles and stories to magazines, but so far I have only sold one article. I also swim, run, bicycle, and backpack."
Jerry Oates-"Having been a scuba diver (before seeing "Jaws") and a mountain climber, forestry fire fighter, and "Beatnik" I usually fill my spare time with my new hobby-wild animal photography. I'm planning an expedition to the great Lincoln desert country in search of the vanishing road toad!"
Roy Osella-"I hunt, fish, and play golf."
Louis Pellegrini-"I do NOTHING!!!"

William Rath For President???

Do you plan on teaching for the next 20 years?

William Rath-"No, because I plan to capture the Presidency within the next 12 years, if not, then maybe I'll be **Mr. Hoehn's** agent."

Bobbie Romine-"Perhaps. Why: 1. I enjoy teaching, but more problems all the time may force me to seek some job that pays! 2. Even in 20 years I won't be retirement age. 3. I hate unemployment and poverty. 4. (To all the students) I figure in 20 years **your** kids will be in school and I can cause them as much trouble as you have caused me-sort of get even!"

Jack Sinderson-"No! I plan to retire when age 62. (In 17 years)"

Ralph Sombs-"I'm retiring in June, 1981."

Howard Stidger -"Not quite. I'd like to reach some other goals and have the opportunity to enjoy more of what's happening in life."

What do you do in your spare time?

William Rath-"I answer stupid questions like this. No, usually I try to think of all the ways possible to help **Mr. Greco** become a good teacher. But, I'm afraid there's no hope. My other

Teachers Replaced By Computers?

Do you plan on teaching for the next 20 years?

Kennith Ulrich-"Probably not. In 20 years I should be deaf by the noise in the shop and will have to find something else to do."

Joseph Unden-"Teaching, yes. A school teacher, I don't know at this time. That is a long time to plan ahead for."

Henry Verrue-"Yes, I enjoy teaching. I enjoy the challenge. I feel that I am contributing to the molding of character and helping students in planning their future. I hate to be non-productive."

Robert Vlasak-"Teaching is one of the big challenges of the 20th Century. But who knows what will happen in 20 years. Teachers might be replaced by computers. So until something more challenging comes my way, I plan to stay in teaching. The most rewarding aspect of teaching is to be able to reach out, share, and touch the lives of others."

Catherine Vuletich-"Of course! I have to find out if the next generation of students will have new excuses for being late, or will it still be "Mom didn't wake

Walter Wild-"It's difficult for me to determine what I'll be doing 20 minutes from now, much less 20 years; but I suppose I'll be in the education field somewhere -counseling, teaching at a J.C., etc."

Eleanor Wolf-"I doubt that I will be with the Public School System, but I expect in some way I will be teaching. I love sharing things I know and learning things myself. I feel I have done both all of my life. "

Emi Yamamura-"I don't plan to, but you never know. I would like to be able to spend more time with my family and to be involved with my children's schools, activities, etc."

What do you do in your spare time?

Joseph Unden-"I coach, fish, ski, swim, read, play basketball, and softball."

Henry Verrue-"I garden, study, paint, watch T.V., play raquetball, and exercise."

Robert Vlasak-"My wife and I work together and promote the positive aspects of marriage. We meet with couples who have good marriages and who want to improve their relationships by developing a deeper understanding and communication level. Most of my spare time is spent helping my wife raise our 5 children."

Catherine Vuletich-"After preparing for my job and taking care of my family, I play the piano and care for 2 horses, a cow, calf, dog, cat, and a goat."

9

Walter Wild-"I do a fair amount of reading (mostly medieval history and military history) and I play quitar. I like old movies too (I'm a channel 40 freak)".

Eleanor Wolf-"What is spare time? Do you mean non- school time? If so, I take photographs and walks; I travel, go to the theater, eat good food; I garden, cook, and listen to music. I never get enough sleep."

Emi Yamamura-"I spend lots of time with my son since I'm away all day. When I have time, I love to sew, do needlepoint, snow ski, and read."

Our Prospecting Days Are Over

Finally, the long hard trail has come to a dead end, and this ol' boy, **Clem**, is plum tuckered out. I spent nine long months searching for that pot of gold at Roseville High School. Along the way the diggins' were pretty tough goin' but me and my mule, **Nelli** came through.

I figured those freshmen found their identity when June came, for no longer were they Mickey Mousers, but big mature sophomores. It took a lot of spirit to fight off the elements such as heartaches, growing up, and just making new friends. I've looked forward for a lot of things, like sasperelli, big old steak, a good horse, and a good lookin' woman. All you juniors have something better to look forward to, your senior year.

Don't be a laughin' you seniors, 'cause ya'll git to look forward to that rough ol' future ahead of you'ins. Even though ya think you've plum grabbed all the knowledge from yer teachers and friends, don't think ya know it all.

Yep, it takes a lifetime to learn it all, and you've only just begun. Good luck finding that pot of glitterin' gold, class of '81'.

The year of 1980-81 brought freedom, faces, and misfortune. It was the beginning of a new presidential year, with the end of Jimmy Carter and the start of Ronald Reagan.

A time that gave peace, serenity and freedom to 52 Americans who were held captive in Iran for 444 days until January 20, 1981, when compromises were made and they were released.

Two major deaths affected the music industry immensely. The tragic deaths of John Lennon of the Beatles, and drummer, John Bonham of Led Zeppelin.

Faces that were seen on every magazine stand at least once were the villainous J.R. Ewing of the top-rated show "Dallas" and teen-age fashion model, Brooke Shields.

January 25, 1981 marked a very exciting day in the sports world. At 3:00 p.m. that Sunday afternoon homes all over the world had their T.V.'s tuned to the 1981 Superbowl. In the playoff between Philadelphia and Oakland, with the outcome one that many didn't expect. The Raiders, known as the Cinderella team, became the first wild card team to ever win the Superbowl.

Yearbook
till Next year

"I Like The Night Life"

Where do you spend your Friday and Saturday nights? If you're like the average teen-ager, you might answer, "Hey, I spend my hip swinging' weekends out cruzin' Harding Blvd, stopping once in awhile to filler-up at Regal then going on up to the famous McDonalds, where I can discover the famous Big Mac. Jack-In-The Box and Buzz's are pretty popular spots too."

After every exciting football and basketball game there are always lots of people to socialize with out in the wild and wooly town of Roseville either pigging out on pizza at Straw Hat or just looking for a party. On those lonely Saturday nights when you have nothing to do, the Tower theater has two fantastic flicks for you and your honey to catch. So if you want to have a riproaring weekend, Roseville is the place to be!

Sonya,
I'm so glad I met you. Thank-you for buying ~~all~~ all the candy bars, too.
I'll hope we are in Spanish 2 together and have a great summer!
Love,

(Thanks for the candy bars. It was a pleasure doing business with you.)

P.S. Don't get in anymore fights!

If you're a wonderin' what I'm a doin' in this here yearbook I'm a gonna tell ya'll. Most folks jus' call me **Clem**, and I'll be a travelin' through this here yearbook a prospectin' for energetic younguns and olduns, academic achievements, exciting clubs and organizations, extraordinary and outstanding students and faculty, and last but not least, jus' good ol' hometown spirit! My main aim is to dig deep into our families roots to find my pan of glitterin' gold.

So get on your burrow, grab your pick and pan, take hold of them suspenders and ride with me through this year, down the halls exploring Roseville High.
